

Probus Travel

Colombia – April 2026

For many years, Rick Palmer (RickPalm2025@outlook.com) from Mississauga South Probus has been organizing international travel tours for Probus members. Last year Rick spoke to us at our monthly meeting and graciously extended an invitation for Applewood Probus members to join these tours. My wife and I recently participated in the Magic of Colombia tour which combined visits to Bogota, Barranquilla, Cartagena, and Medellin with an 8 day river cruise on the Magdalena River. It was a wonderful trip and we made many new friends from Mississauga South, Credit River, and Sheridan Probus clubs. I have attached several of my amateur photos which show the breath of the locations we visited but do not capture the full beauty of Colombia.

These tours typically twice a year in the shoulder seasons so that cottagers and snow birds can participate. If you are interested in joined a future Probus tour, you can reach out to me or Rick Palmer. I have included links to the two 2027 planned tours
